ITEM 1 GENERAL INFORMATION AND FORWARD-LOOKING STATEMENTS

Except as otherwise indicated in this Annual Information Form (**AIF**), the information contained herein is given as of December 31, 2025. As used herein, references to the **Company** or **CN**, or **we** or **us** refer to Canadian National Railway Company and, as the context requires, its wholly-owned subsidiaries.

All references in this AIF to **dollars** or **$** are to Canadian dollars and all financial information reflected herein is determined on the basis of, and prepared in accordance with, United States generally accepted accounting principles (**GAAP**), unless otherwise indicated.

Certain statements included in this AIF or incorporated by reference herein are "forward-looking statements" within the meaning of the *United States Private Securities Litigation Reform Act of 1995* and under Canadian securities laws, including statements based on management's assessment and assumptions and publicly available information with respect to CN. By their nature, forward-looking statements involve risks, uncertainties and assumptions. CN cautions that its assumptions may not materialize and that current economic conditions render such assumptions, although reasonable at the time they were made, subject to greater uncertainty. Forward-looking statements may be identified by the use of terminology such as "believes," "expects," "anticipates," "assumes," "outlook," "plans," "targets," "goals," or other similar words.

Forward-looking statements are not guarantees of future performance and involve risks, uncertainties and other factors which may cause actual results, performance or achievements of CN to be materially different from the outlook or any future results, performance or achievements implied by such statements. Accordingly, readers are advised not to place undue reliance on forward-looking statements. Important risk factors that could affect the forward-looking statements include, but are not limited to, general economic and business conditions, including factors impacting global supply chains such as pandemics and geopolitical conflicts or tensions; trade restrictions, trade barriers, or the imposition of tariffs or other changes to international trade arrangements; industry competition; inflation, currency and interest rate fluctuations; changes in fuel prices; legislative and/or regulatory developments; compliance with environmental laws and regulations; actions by regulators and other regulatory claims or proceedings; increases in maintenance and operating costs; security threats; reliance on technology and related cybersecurity risk; transportation of hazardous materials; various events which could disrupt operations, including illegal blockades of rail networks, and natural events such as severe weather, droughts, fires, floods and earthquakes; climate change; labor negotiations and disruptions; environmental claims; uncertainties of investigations, proceedings and other types of claims and litigation; risks and liabilities arising from derailments; timing and completion of capital programs; the availability of and cost competitiveness of renewable fuels and the development of new locomotive propulsion technology; reputational risks; supplier concentration; pension funding requirements and volatility; and other risks detailed from time to time in reports filed by CN with securities regulators in Canada and the United States (**U.S.**). Reference should be made to the discussion of business risks in CN's 2025 Management's Discussion and Analysis (**MD&A**) for detailed information on major risk factors. The MD&A may be found online on SEDAR+ at www.sedarplus.ca, on the U.S. Securities and Exchange Commission's (**SEC**) website at www.sec.gov through EDGAR, and on CN's website at www.cn.ca in the "Investors" section.

CN has sustainability-related commitments and climate goals, and continues to assess the impact on its operations of related initiatives, plans and proposals that CN and other stakeholders (including government, regulatory and other bodies) are pursuing in relation to climate change and carbon emissions. The achievement of CN's climate goals is subject to several risks and uncertainties, including those disclosed in the section entitled "Reputation" in the Business risks discussion located on pages65 to 66 of the MD&A. The achievement of these goals is also subject to circumstances outside of the Company's control, including the availability and cost competitiveness of renewable fuels and the development and availability of new technologies, such as alternative propulsion locomotive

technologies, and the cooperation of third parties such as suppliers, customers, supply chain partners and regulators. There can be no certainty that the Company will achieve any or all of these goals within the stated timeframe, or that achieving any of these goals will meet all of the expectations of its stakeholders or applicable legal requirements. If the Company is unable to achieve its climate goals or satisfy the expectations of its stakeholders, its brand and reputation could be materially and adversely affected.

Forward-looking statements reflect information as of the date on which they are made. CN assumes no obligation to update or revise forward-looking statements to reflect future events, changes in circumstances, or changes in beliefs, unless required by applicable securities laws. In the event CN does update any forward-looking statement, no inference should be made that CN will make additional updates with respect to that statement, related matters, or any other forward-looking statement.

Other than in instances where CN specifically provides otherwise, information contained on, or accessible through, our website is not incorporated by reference in this AIF.

ITEM 2 INCORPORATION

2.1 *INCORPORATION OF THE ISSUER*

CN was incorporated in 1919 by special act of the Parliament of Canada with the appointment of its first Board of Directors (**Board of Directors**) by Order in Council in 1922. CN's continuance under the *Canada Business Corporations Act* was authorized by the *CN Commercialization Act* and was effected by Certificate of Continuance dated August24, 1995. On November9, 1995, CN filed Articles of Amendment in order to subdivide its outstanding common shares (**common shares**). As of November28, 1995, CN ceased to be a Crown corporation and became a publicly held corporation with its common shares listed on the New York Stock Exchange (**NYSE**) and the Toronto Stock Exchange (**TSX**). On April 19, 2002, CN filed Articles of Amendment in order to provide that shareholder meetings may be held at certain specified locations in the U.S. Pursuant to amendments to the *CN Commercialization Act*, on May24, 2018, CN filed Articles of Amendment in order to increase the maximum percentage of voting shares of CN that can be owned or controlled, directly or indirectly, by any one person together with their associates to 25%, up from the 15% limit imposed since CN became a public company in 1995. Such constating documents are hereinafter collectively referred to as the Articles.

CN's Articles provide that the head office of the Company shall be situated in the Montreal Urban Community, Province of Quebec, Canada. The Company's registered and head office is located at 935 de La Gauchetière Street West, Montreal, Quebec, H3B2M9, Canada, and its telephone number is 1-888-888-5909.

2.2 *SUBSIDIARIES*

CN's principal subsidiaries as of December31, 2025, all of which are wholly-owned (directly or indirectly), and their jurisdiction of incorporation, are indicated below**:**

Corporate Entity	Jurisdiction of Incorporation
North American Railways, Inc.	Delaware
Grand Trunk Corporation	Delaware
Illinois Central Corporation	Delaware
Illinois Central Railroad Company	Illinois
Wisconsin Central Ltd.	Delaware

The financial statements of each of the above principal subsidiaries are consolidated within CN's financial statements.

ITEM 3 GENERAL DEVELOPMENT OF THE BUSINESS

3.1 *STRATEGY OVERVIEW*

CN's purpose is to power the economy by enabling global supply chains and moving goods sustainably and efficiently, working together with our customers, our people, and the communities in which we operate. CN is committed to delivering a safe, consistent and reliable scheduled service that creates value for customers, shareholders and stakeholders. CN's "make the plan, run the plan, sell the plan" operating approach has driven strong operational, safety, and customer service outcomes.

CN aims to drive consistent shareholder returns over the long-term by striving for sustainable financial performance, including profitable top-line growth, strong free cash flow generation and return on invested

capital well above the Company's cost of capital. CN also returns value to shareholders through dividend payments and share repurchases. In this regard, CN's strategy is focused on the following principles:

- Build service excellence, grow our business and invest in our people
- Disciplined capital allocation and execution
- Delivering Responsibly, at the heart of how CN is building for a sustainable future and anchored on five principles: environment, safety, people, community and governance.

For a further discussion of the Company's business strategy throughout 2025 and anticipated developments for 2026 and beyond, please see the section entitled "Strategy overview" on pages8 to 11 of the MD&A, which pagesare incorporated by reference herein. The MD&A may be found online on SEDAR+ at www.sedarplus.ca, on the SEC's website at www.sec.gov through EDGAR, and on the Company's website at www.cn.ca in the "Investors" section.

3.2 *GENERAL DEVELOPMENTS OVER THE PAST THREE YEARS*

CN has undertaken various initiatives over the course of the last three years to continuously further the general development of its business, including acquisitions and business combinations, financial management initiatives, and other corporate initiatives, as further described below.

Significant transactions

Cape Breton & Central Nova Scotia Railway

On November1, 2023, the Company acquired from Genesee& Wyoming Inc. a stake in the Cape Breton& Central Nova Scotia Railway, a ClassIII short-line railroad that owns approximately 150 route miles. CN paid $78 million in cash, net of cash acquired and including working capital adjustments.

Transfer of ownership of Quebec Bridge

On May8, 2024, CN entered into an agreement to transfer the ownership and related risks and obligations of a road, rail, and pedestrian bridge known as the Quebec Bridge located in Quebec, Canada, to the Government of Canada for a nominal amount. On November12, 2024, the transaction was completed. CN retains requisite rights to occupy and operate the portion of the bridge where the rail infrastructure is located and will pay an annual occupancy fee over a term that also includes a noncancellable period.

Acquisition of Iowa Northern Railway Company

On December 6, 2023, the Company acquired the shares of the Iowa Northern Railway Company (**IANR**), a Class III short-line railroad that owns and leases approximately 175 route miles in northeast Iowa that are connected to CN's U.S. rail network. CN paid US$230 million ($312 million), including transaction costs to date. IANR serves upper Midwest agricultural and industrial markets covering many goods, including biofuels and grain. This transaction represents a meaningful opportunity to support the growth of local business by creating single-line service to North American destinations, while preserving access to existing carrier options.

The shares of IANR were deposited into an independent voting trust while the U.S Surface Transportation Board (**STB**) considered the

Company's application to acquire control of IANR. During the trust period,IANR continued to be operated under its current management and the Company could not exercise day-to-day control.

On January14, 2025, the STB issued a final decision approving CN's application to acquire control of IANR, subject to certain conditions. The Company assumed control of IANR on March 1, 2025.

Financial management initiatives

Revolving credit facilities

The Company has two unsecured revolving credit facilities with a consortium of lenders.

The unsecured credit facility of $2.5 billion is available for general corporate purposes and backstopping the Company's commercial paper programs. The facility consists of two tranches of $1.25 billion and was last amended on March28, 2025 to extend the tenor of each tranche by one year to, respectively, March31, 2028 and March31, 2030. This revolving credit facility agreement is structured as a sustainability linked loan whereby its applicable margins are adjusted up or down based on the Company's performance under certain sustainability goals.

The unsecured credit facility of $1.0 billion is available for general corporate purposes, and was amended on March28, 2025 to extend its tenor by one year to March 17, 2027.

Both credit facilities were amended in March2023 to include fallback language addressing the cessation of Canadian Dollar Offered Rate (**CDOR**) and adoption of the Canadian Overnight Repo Rate Average (**CORRA**) as the alternative benchmark. Accordingly, on March28, 2024, the Company amended both credit facilities to transition from CDOR to CORRA. The credit facilities provide borrowings at various benchmark interest rates, such as the Secured Overnight Financing Rate (**SOFR**) and CORRA, plus applicable margins, based on CN's credit ratings.

Subject to the consent of the individual lenders, the Company may increase the revolving credit facilities by an additional $500 million each during their respective terms and to request an extension of the $2.5 billion credit facility once a year to maintain the tenors of three year and five year of the respective tranches.

Both revolving credit facility agreements have one financial covenant, which limits debt as a percentage of total capitalization. As at December 31, 2025, the Company was in compliance with its financial covenant and had no outstanding borrowings under these revolving credit facilities.

Equipment loans

The Company has various secured non-revolving term loan credit facilities for financing or refinancing the purchase of equipment. The equipment loans made under the non-revolving credit facilities have a tenor at inception varying from 15 to 20 years and are secured by rolling stock.

On March31, 2023, the Company entered into new loan supplements to its existing agreement for an additional principal amount of US$304 million, which was available to be drawn, in Canadian or U.S. dollars, through March31, 2024. The Company drew on such facilities on March 22, 2024.

In addition, on November3, 2023, the Company entered into a new term loan facility for a principal amount of $366 million, which was available to be drawn through November 4, 2024. The Company drew on such facility on October 29, 2024.

On March31, 2023, outstanding loans referencing the London Interbank Offered Rate (**LIBOR**) were transitioned to SOFR. The facilities also included fallback language that addressed the cessation of CDOR and adoption of CORRA as the alternative benchmark and accordingly, on March21, 2024, the Company amended certain of its non-revolving term loan facilities to transition from CDOR to CORRA. Borrowings under the non-revolving term loan facilities are provided at SOFR or CORRA plus applicable margins.

The Company repaid $88 million, $63 million and $41 million of its equipment loans in 2025, 2024 and 2023, respectively. As at December31, 2025, the Company had outstanding borrowings of $1,329 million, at a weighted-average interest rate of 3.85% and had no further amounts available to be drawn under these facilities.

Commercial paper

The Company has a commercial paper program in Canada and in the U.S. Both programs are backstopped by the Company's $2.5 billion revolving credit facility. The maximum aggregate principal amount of commercial paper that can be issued is $2.5 billion, or the U.S. dollar equivalent, on a combined basis.The commercial paper programs, which are subject to market rates in effect at the time of financing, provide the Company with a flexible financing alternative, and can be used for general corporate purposes. The cost of commercial paper and access to the commercial paper market in Canada and the U.S. are dependent on credit ratings and market conditions. If the Company were to lose access to its commercial paper program for an extended period of time, the Company could rely on its revolving credit facilities to meet its short-term liquidity needs.

The Company had total commercial paper borrowings of US$90 million ($124 mi llion), US$501 million ($721 million) and US$1,360 million ($1,801 million) as at December 31, 2025, 2024 and 2023, respectively.

Accounts receivable securitization program

The Company has an agreement to sell an undivided co-ownership interest in a revolving pool of accounts receivable to unrelated trusts for maximum cash proceeds of $450 million. On March28, 2025, the Company extended the term of its agreement by one year to February2, 2027. The trusts are multi-seller trusts and the Company is not the primary beneficiary. Funding for the acquisition of these assets is customarily through the issuance of asset-backed commercial paper notes by the unrelated trusts.

The Company has retained the responsibility for servicing, administering and collecting the receivables sold. The average servicing period is approximately one month and the interest on borrowings under the accounts receivable securitization program is renewed based on commercial paper rates then in effect, or CORRA or SOFR if the commercial paper market is inaccessible. Subject to customary indemnifications, each trust's recourse is limited to the accounts receivable transferred.

The accounts receivable securitization program provides the Company with readily available short-term financing for general corporate use. In the event the program is no longer available before its scheduled maturity, the Company expects to meet its future payment obligations through its various sources of financing including its revolving credit facilities and commercial paper program, and/or access to capital markets.

During the years ended December31, 2025 and 2023, the Company had no proceeds from the accounts receivable securitization program and no repayments and had no outstanding borrowings under the accounts receivable securitization program. During the year ended December31, 2024, the Company had proceeds from the accounts receivable securitization program of $450 million and repayments of $450 million and had no outstanding borrowings under the accounts receivable securitization program.

Bilateral letter of credit facilities

The Company has a series of committed and uncommitted bilateral letter of credit facility agreements. On March28, 2025, the Company extended the maturity date of its committed bilateral letter of credit facility agreements to April28, 2028. The agreements are held with various banks to support the Company's requirements to post letters of credit in the ordinary course of business. Under these agreements, the

Company has the option from time to time to pledge collateral in the form of cash or cash equivalents, for a minimum term of one month, equal to at least the face value of the letters of credit outstanding.

As at December31, 2025, the Company had outstanding letters of credit of $321 million under the committed facilities from a total available amount of $362 million and 153 million under the uncommitted facilities.

Normal Course Issuer Bid (NCIB)

On January24, 2023, the Board of Directors approved a NCIB for the repurchase of up to 32.0 million common shares between February1, 2023 and January 31, 2024.

On January23, 2024, the Board of Directors approved a NCIB for the repurchase of up to 32.0 million common shares between February1, 2024 and January 31, 2025.

On January30, 2025, the Board of Directors approved a new NCIB, which allows for the repurchase of up to 20.0 million common shares between February 4, 2025 and February 3, 2026.

On January30, 2026, the Company announced that the Board of Directors approved a new NCIB, which allows for the repurchase of up to 24.0 million common shares between February 4, 2026 and February 3, 2027.

Reinvestment in the business

In 2023, CN spent approximately $3.2 billion in its capital program, of which $1.6 billion was invested to maintain the safety and integrity of its network, particularly track infrastructure. CN's capital spending also included $0.9 billion for strategic initiatives to increase capacity, enable growth and improve network resiliency, including line capacity upgrades and information technology initiatives, and $0.7 billion on equipment, including the acquisition of 500 new grain hopper cars.

In 2024, CN spent approximately $3.5 billion in its capital program, of which $1.7 billion was invested to maintain the safety and integrity of its network, particularly track infrastructure. CN's capital spending also included $1.0 billion for strategic initiatives to increase capacity, enable growth and improve network resiliency, including line capacity upgrades and information technology initiatives, and $0.8 billion on equipment, including the acquisition of 750 new grain hopper cars.

In 2025, CN spent approximately $3.7 billion in its capital program, of which $1.8 billion was invested to maintain the safety and integrity of its network, particularly track infrastructure. CN's capital spending also included $1.4 billion for strategic initiatives to increase capacity, enable growth and improve network resiliency, including line capacity upgrades and information technology initiatives, and $0.5 billion on equipment.

Shelf prospectus and registration statement

On May4, 2022, the Company filed a new shelf prospectus with Canadian securities regulators and a registration statement with the SEC, pursuant to which CN could issue up to $6.0 billion of debt securities in the Canadian and U.S. capital markets over a 25-month period following the filing date (collectively, the **2022 shelf prospectus**).

On May10, 2023, under the 2022 shelf prospectus, the Company issued $550 million 4.15% Notes due 2030, $400 million 4.40% Notes due 2033 and $800 million 4.70% Notes due 2053 in the Canadian capital markets.

On November1, 2023, under the 2022 shelf prospectus, the Company issued US$300 million ($416.25 million) 5.85% Notes due 2033 and US$300 million ($416.25 million) 6.125% Notes due 2053 in the U.S capital markets.

On April2, 2024, the Company filed a shelf prospectus with Canadian securities regulators and a registration statement with the SEC, pursuant to which CN may issue debt securities in the Canadian and U.S. capital markets over a 25-month period following the filing date (collectively, the **2024 shelf prospectus**). This shelf prospectus and registration statement replaces CN's 2022 shelf prospectus and registration statement that was set to expire on June 4, 2024.

On May2, 2024, under the 2024 shelf prospectus and registration statement, the Company issued $700 million 4.60% Notes due 2029 and $550 million 5.10% Notes due 2054 in the Canadian capital markets.

On September18, 2024, under the 2024 shelf prospectus and registration statement, the Company issued US$750 million ($1,020 million) 4.375% Notes due 2034 in the U.S capital markets.

On June10, 2025, under the 2024 shelf prospectus and registration statement, the Company issued $500 million 3.50% Notes due 2030 and $500 million 4.20% Notes due in 2035 in the Canadian capital markets.

On November12, 2025, under the 2024 shelf prospectus and registration statement, the Company issued US$300 million ($421 million) 4.20% Notes due 2031 and US$400 million ($561 million) 4.75% Notes due 2035 in the U.S. capital markets.

Access to the Canadian and U.S. capital markets under the shelf prospectus and registration statement is dependent on market conditions. The Company's access to long-term funds in the capital markets depends on its credit ratings and market conditions. The Company believes that it continues to have access to the capital markets. If the Company were unable to borrow funds at acceptable rates in the capital markets, the Company could borrow under its credit facilities, draw down on its accounts receivable securitization program, access the pledged cash under its letter of credit facilities, raise cash by disposing of surplus properties or otherwise monetizing assets, reduce discretionary spending or take a combination of these measures to assure that it has adequate funding for its business.

For more information on the Company's capital markets transactions completed in 2025, please refer to the section entitled "Prior Sales" on page 21 of this AIF.

Labor matters

Many of our employees in Canada and the U.S. are unionized and are covered by collective agreements. CN is involved in several ongoing negotiations concerning labor matters, including the negotiation of new collective agreements as described below. There can be no assurance that the Company will be able to reach a tentative agreement without a strike or lockout or that the resolution of these negotiations, or the outcome of any arbitration or litigation, will not have a material adverse effect on the Company's results of operations or financial position.

The Company’s existing collective agreements remain in effect until the bargaining process outlined under the Canada Labor Code or the U.S. Railway Labor Act has been exhausted.

For a further discussion of CN’s labor negotiations, please see the section entitled "Labor and workforce negotiations" in the 2025 Highlights discussion located on page 7 of the MD&A, which section is incorporated by reference herein.

Canadian workforce

Teamsters Canada Rail Conference (**TCRC**) - On May26, 2023, the collective agreement with TCRC was ratified by its members, renewing the collective agreement for a one-year term, retroactive to January 1, 2023. This agreement expired on December 31, 2023.

As a result, on November 27, 2023, CN commenced negotiations with the TCRC. On February 16, 2024, CN filed a Notice of Dispute, causing the Minister of Labor to appoint a conciliator. On May9, 2024, the Minister of Labor requested clarity from the Canadian Industrial Relations Board (**CIRB**) on whether or not any services provided by TCRC-represented employees were essential and therefore needed to be maintained during a labor disruption. On August9, 2024, the CIRB ruled that none of those services were essential within the meaning of the law. On August18, 2024, CN issued a notice to the TCRC formally advising them of its intention to lock out employees. On August22, 2024, CN proceeded with the lockout, which was revoked less than 24 hours after, following the Minister of Labor's direction to the CIRB to order the parties to end the lockout, return employees to work, resolve outstanding issues in binding interest arbitration and extend the collective agreements until the arbitration process is complete. On August23, 2024, the TCRC served CN with a 72-hour strike notice. On August24, 2024, the CIRB issued an order consistent with the Minister's directive, which indicated that there can be no labor stoppage, including a lockout or strike, during the arbitration process. On April7, 2025, an arbitrator issued a binding decision, setting the terms of a new three-year collective agreement between CN and TCRC. The three-year agreement covers approximately 6,000 conductors, conductor trainees, yard coordinators and locomotive engineers across CN’s network in Canada and is retroactively effective beginning January 1, 2024 until December 31, 2026.

International Brotherhood of Electric Workers (**IBEW**) - On September5, 2024, the IBEW served notice to commence bargaining for the renewal of the collective agreement with CN which expired on December31, 2024. Bargaining commenced on September24, 2024. On October29, the IBEW filed a Notice of Dispute as part of the ongoing bargaining process. The Minister of Labor had appointed conciliation officers to assist the parties in reaching an agreement. On January28, 2025, the parties reached a four-year tentative agreement. On February14, 2025, the new collective agreement with the IBEW was ratified. The four-year agreement covers approximately 750 Signals and Communications employees in Canada until December 31, 2028.

Unifor - On May1, 2023, the collective agreement with Unifor was ratified by its members, renewing the collective agreement for a two-year term, retroactive to January1, 2023, which then expired on December31, 2024. On December22, 2024, the new collective agreements with Unifor were ratified by CN employees. The four-year agreements cover approximately 3,300 employees across Canada working in various departments such as Mechanical, Intermodal, Facility Management, and in clerical positions until December 31, 2028.

Canadian National Transportation Limited (**CNTL**) - On January 17, 2024, CNTL, a wholly-owned subsidiary of the Company, reached a tentative agreement with owner-operators affiliated with Unifor. On May14, 2024, the new collective agreement with Unifor was ratified by employees of CNTL. This four-year agreement covers approximately 750 owner-operator truck drivers in Canada under contract with CNTL until December31, 2027.

United Steel Workers Union (**USW**) - On September6, 2023, USW served notice to commence bargaining for the renewal of the collective agreement with the Company which expired on December31, 2023. Bargaining commenced on October23, 2023. On May1, 2024, a new collective agreement with USW was ratified by CN employees. The three-year agreement covers approximately 2,500 track and bridge employees primarily responsible for track maintenance across Canada until December 31, 2026.

U.S. workforce

The general approach to labor negotiations by U.S. ClassI railroads is to bargain on a collective national basis with the industry, which CN's subsidiaries Grand Trunk Western Railroad Company (**GTW**), companies owned by Illinois Central Corporation (**ICC**), Wisconsin Central Ltd. (**WC**), and Bessemer& Lake Erie Railroad Company (**BLE**) currently participate in for collective bargaining agreements covering all union-represented employees, with the exception of two employee groups working at Pittsburgh and Conneaut Dock Company (**PCD**). On November1, 2024, the National Carriers Conference Committee (**NCCC**) served a Section6 notice pursuant to the Railway Labor Act (**RLA**), which officially opened collective bargaining for the freight industry. As of February4, 2026, agreements have been reached and ratified with eleven unions and negotiations continue with the remaining one union. There can be no strike or lockout until such time as the parties have failed to reach voluntary agreements and all dispute resolution mechanisms of the RLA have been exhausted. While negotiations are ongoing and until all RLA provisions have been exhausted, all existing contract terms remain in place.

ITEM 4 DESCRIPTION OF THE BUSINESS

4.1 *OVERVIEW*

CN is engaged in the rail and related transportation business and powers the economy by safely transporting more than 300 million tons of natural resources, manufactured products, and finished goods throughout North America every year for its customers. With its nearly 20,000-mile rail network and related transportation services, CN connects Canada’s Eastern and Western coasts with the U.S. Midwest and the U.S. Gulf Coast, contributing to sustainable trade and the prosperity of the communities in which it operates since 1919.

CN's freight revenues are derived from seven commodity groups representing a diversified and balanced portfolio of goods transported between a wide range of origins and destinations. This product and geographic diversity better position the Company to face economic fluctuations and enhances its potential for growth opportunities. For the year ended December31, 2025, CN's largest commodity group,Intermodal, accounted for 22% of total revenues. From a geographic standpoint, 37% of revenues relate to overseas traffic, 29% to transborder traffic, 18% to Canadian domestic traffic and 16% to U.S. domestic traffic. The Company is the originating carrier for over 85%, and the originating and terminating carrier for over 65%, of traffic moving along its network, which allows it both to capitalize on service advantages and build on opportunities to efficiently use assets.

Revenues generated by the Company during the year are influenced, among other things, by seasonal weather conditions, general economic conditions, cyclical demand for rail transportation and competitive forces in the transportation marketplace. Operating expenses reflect the impact of freight volumes, seasonal weather conditions, labor costs, fuel prices, and the Company’s productivity initiatives.

4.2 *COMMODITY GROUPS*

For a description of the various commodity groups transported by CN, their principal markets, as well as select revenue, revenue ton miles (**RTMs**) and carload information, please see pages 21 to 26 of the MD&A, which pages are incorporated by reference herein.

4.3 *COMPETITIVE CONDITIONS*

For a discussion of the competitive conditions under which CN operates, please see the section entitled “Competition” in the Business risks discussion located on page 58 of the MD&A, which section is incorporated by reference herein.

4.4 *LABOR*

As at December 31, 2025, CN employed a total of 23,839 employees, of which 18,078 were unionized employees.

For more information on recent labor developments within our Canadian and U.S. workforce, please see the section entitled "General Developments Over the Past Three Years" beginning on page4 of this AIF. For a discussion on CN’s labor negotiations, please see the section entitled “Labor and workforce negotiations” in the 2025 Highlights discussion located on page7 of the MD&A, which section is incorporated by reference herein.

4.5 *SOCIAL POLICIES*

CN has adopted a number of policies in support of its commitment to *Delivering Responsibly*. These policies include namely:

- Various CN policies against workplace harassment, violence, and discrimination;
- the Code of Business Conduct;
- the Supplier Code of Business Conduct; and
- CN's Indigenous Relations Policy.

Policies Against Workplace Harassment, Violence and Discrimination

In addition to its Employment Equity Policy (for Canadian employees) and Equal Employment Opportunity Policy (for U.S. employees), CN maintains a comprehensive Human Rights Policy, a Workplace Harassment and Violence Prevention Policy for its Canadian employees, and a Workplace Violence Prevention Policy and a Prohibited Harassment, Discrimination and Anti-Retaliation Policy for its U.S. employees. These policies affirm CN's commitment to providing employees with a safe, respectful and violence-free workplace and to preventing harassment and discrimination against any employee or applicant. The policies against harassment and discrimination extend to recruitment, selection and compensation practices, as well as to working conditions and the work environment.

Internal complaint resolution procedures have been established whereby any person covered by the policies can contact the appropriate member of the human resources team who will address the employee's complaint. The employee can also call either the Human Resources Center, which will forward the complaint to the appropriate human resources manager for further handling, or the CN Ombudsman directly on a confidential basis. In Canada, all harassment complaints are submitted to CN's Designated Recipient in accordance with the Canada Labour Code *Regulations on Work Place Harassment and Violence Prevention*.

Code of Business Conduct

CN has adopted a Code of Business Conduct, which applies to all directors, officers and employees of the Company. The Code of Business Conduct affirms CN's commitment to the highest ethical standards. It addresses a number of matters, including, without limitation, conflicts of interest, compliance with laws and reporting of any illegal or unethical behavior. Each director, executive officer and management employee must certify annually their compliance with the Code of Business Conduct.

Management periodically reports to the Governance and Sustainability Committee on the implementation of the Code of Business Conduct and, as applicable, on any significant violations thereof. Yearly, the CN Ombudsman presents a report that summarizes issues reported under the Code of Business Conduct and handled by the Office of the Ombudsman to the Governance and Sustainability Committee. The Code of Business Conduct is regularly reviewed, including most recently in 2024, to ensure that it continues to

adhere to CN's core values of integrity and respect as well as to ensure that it remains consistent with industry standards and trends.

Supplier Code of Conduct

CN has adopted a Supplier Code of Conduct, which extends the principles of our Code of Business Conduct and Human Rights Policy to our suppliers, agents, consultants and other third parties and business partners, and their respective employees, directors and officers (collectively, **Suppliers**).

The Supplier Code of Conduct affirms our commitment to doing the right thing and to working with Suppliers who are also dedicated to being socially, ethically and environmentally responsible. The Supplier Code of Conduct sets forth the standards of ethical conduct expected from our Suppliers. It aims to ensure, among other matters, that we continue to work with Suppliers who comply with all applicable laws (including applicable employment laws, anti-bribery, anti-corruption and antitrust laws, and data protection and privacy laws and regulatory requirements), prohibit the use of forced and child labor in their operations, promote an inclusive and safe work environment, and are conscious of their environmental impact and focus on building positive community relations (including with Indigenous peoples) when conducting their operations.

Indigenous Relations Policy

In early 2024, CN released its new Indigenous Relations Policy, which builds on CN's commitment to reconciliation and Indigenous engagement in Canada. This Policy outlines CN's commitment to developing respectful, sustainable and mutually beneficial relationships with Indigenous peoples across its network in Canada. The Policy sets out the guiding principles that underpin CN's approach to Indigenous reconciliation in Canada.

All CN personnel are expected to follow the guidelines set forth in the Indigenous Relations Policy when performing work for CN, and non-compliance with the Indigenous Relations Policy may be reported by CN personnel on a confidential basis to their supervisor, their human resources representative, the CN Law Department, or the CN Ombudsman.

In late 2024, CN released its first Indigenous Reconciliation Action Plan (**IRAP**) reaffirming its commitment to strengthen ties with Indigenous communities, foster mutually beneficial relationships, and create opportunities for meaningful collaboration on the journey toward genuine reconciliation. The IRAP commitments and actions were developed and shaped by the insights, priorities, and feedback received from Indigenous communities and CN employees that engage with these communities. CN's IRAP outlines concrete steps, measurable commitments, and a clear vision to guide CN on its reconciliation journey over three years, in Canada. Through this plan, CN aims to build sustainable,

respectful, and long-term partnerships with Indigenous peoples. The IRAP is structured around five pillars: (i)Cultural Awareness and Employee Engagement; (ii)People and Employment; (iii)Economic Reconciliation; (iv)Community Engagement and Relationships; and (v)Environmental Stewardship, Safety and Sustainability. CN will publish an annual report of its progress on the IRAP actions, with the first such annual report expected to be released in the first quarter of 2026.

4.6 *REGULATION*

CN's operations are subject to regulations both in Canada and in the U.S. A summary of the regulations material to CN's business and operations as well as recent significant regulatory developments that are relevant to CN is provided hereinafter.

For a further discussion on the potential risks and contemplated impacts of pending legislative and other regulatory developments (both in Canada and in the U.S.) on our business, see the section entitled “Regulation” in the Business risks discussion located on pages60 to 61 as well as the section entitled

"U.S. regulatory updates" in the 2025 Highlights discussion located on page 6 of the MD&A, which sections are incorporated by reference herein.

Economic regulation - Canada

The Company's rail operations in Canada are subject to economic regulation by the Canadian Transportation Agency (**CTA**) under the *Canada Transportation Act*. The CTA establishes regulations on various topics, including interswitching rates, insurance, and procedures for arbitration cases. The CTA adjudicates disputes between a shipper and carrier, including final offer arbitration for rate disputes and level of service disputes. The CTA also regulates the maximum revenue entitlement for the movement of regulated grain, charges for railway ancillary services, railway crossing and noise-related disputes, and discontinuance of service over a rail line. In addition, various Company business transactions must gain prior regulatory approval, with attendant risks and uncertainties, and the Company is subject to government oversight with respect to rate, service and business practice issues.

Economic regulation - U.S.

The Company's U.S. rail operations are subject to economic regulation by the STB. The STB serves as both an adjudicatory and regulatory body and has exclusive jurisdiction over certain railroad rate and service issues, and carrier practices. It also has jurisdiction over the situations and terms under which one railroad may use another railroad’s traffic or facilities, the construction, acquisition or abandonment of rail lines, railroad consolidations, and labor protection provisions in connection with the foregoing. As such, various Company business transactions must gain prior regulatory approval and aspects of its pricing and service practices may be subject to challenge, with attendant risks and uncertainties.

Government regulation of the railroad industry is a significant determinant of the competitiveness and profitability of railroads. Deregulation of certain rates and services, plus the ability to enter into confidential contracts pursuant to the *Staggers Rail Act of 1980* has substantially increased the flexibility of railroads to respond to market forces and has resulted in highly competitive rates. Additional regulation, changes in regulation and re-regulation of the industry through legislative, administrative, judicial or other action could materially affect the Company.

Reciprocal switching

On April30, 2024, the STB issued a final rulefor reciprocal switching for inadequate service. The STB’s new ruleallows customers to obtain reciprocal switching access to an alternate carrier in a terminal area if the incumbent railroad’s service falls below one of three objective metrics (original estimated time of arrival, transit time, and first-mile/last-mile service) and if certain other conditions are met. Any prescribed reciprocal switching arrangement for a facility in the United States would be effective for a period between three to five years and could be renewed. On May10, 2024, the Company and two other railroads filed a petition for review of the rulewith the U.S. Court of Appeals for the Seventh Circuit. On July8, 2025, the U.S. Court of Appeals for the Seventh Circuit vacated the STB’s reciprocal switching rule, following a petition for review filed by the Company and two other railroads. The decision became effective on September2, 2025. On January7, 2026, the STB proposed to repeal its existing regulations on prescription of reciprocal switching, which require a showing of anticompetitive conduct, and replace them with case-by-case adjudication under the statutory standards established by Title 49 of the United States Code (Transportation).

Crew size

On April9, 2024, the Federal Railroad Administration (**FRA**) issued a final ruleestablishing minimum requirements for the size of train crews depending on the type of operation. The FRA's new rulerequires railroad operations to have a minimum of two crew members, except in certain circumstances, including remote-control operations. The rule includes a process to petition the FRA for special approval to operate

with fewer than two crew members. The rulebecame effective on June10, 2024. The rail industry has challenged the ruleas arbitrary and contrary to law in federal circuit court, which remains pending.

Safety regulation – Canada

CN's operations are also subject to safety and environmental provisions relating to track standards, equipment standards, transportation of hazardous materials, environmental assessments and certain labor regulations. In Canada, CN's rail operations are subject to safety regulation by the Minister of Transport (**Minister**) under the *Railway Safety Act* (**RSA**) as well as the rail portions of other safety-related statutes, which are administered by Transport Canada (**TC**).TC is also empowered to conduct inspections, investigate, and enforce safety regulations under the RSA. The Company is often required to submit information to TC in compliance with regulations, including applications for a railway operating

certificate.

In addition, CN may be legally required to transport dangerous goods and hazardous materials, including toxic inhalation hazard materials as a result of its common carrier obligations and, as such, is also subject to additional regulatory oversight in Canada under the *Transportation of Dangerous Goods Act* (**TDGA**), which is also administered by TC. The TDGA establishes the safety requirements for the transportation of goods classified as dangerous and enables the adoption of regulations for security training and screening of personnel working with dangerous goods, as well as the development of a program to require a transportation security clearance for dangerous goods, the tracking of dangerous goods during transport and the development of an emergency response plan.

Safety regulation – U.S.

The Company's U.S. rail operations are subject to safety regulation by the FRA under the *Federal Railroad Safety Act* as well as rail portions of other safety statutes, with the transportation of hazardous commodities also governed by regulations promulgated by the Pipeline and Hazardous Materials Safety Administration (**PHMSA**). The FRA has jurisdiction over railroad safety and equipment standards, and most rail safety regulation is handled at the federal level. The FRA requires submission of certain information from railroads, and railroads may be subject to inspection or audits by the FRA. A state may regulate rail safety unless the FRA has regulated the matter, or the state regulation is necessary to address a local condition, is consistent with federal law, and does not unduly burden interstate commerce. There is a risk that states could enact new laws in this regard that are intended to regulate rail safety more extensively.

PHMSA requires carriers operating in the U.S. to report annually the volume and route-specific data for cars containing hazardous commodities; conduct a safety and security risk analysis for each used route; identify a commercially practicable alternative route for each used route; and select for use the practical route posing the least safety and security risk. In addition, the Transportation Security Administration (**TSA**) requires rail carriers to provide upon request, location and shipping information on cars on their networks containing toxic inhalation hazard materials and certain radioactive or explosive materials; and ensure the secure, attended transfer of all such cars to and from shippers, receivers and other carriers that will move from, to, or through designated high-threat urban areas.

Other regulations – Canada and U.S.

Vessels - U.S.

CN's vessel operations are subject to regulation by the U.S. Coast Guard and the Department of Transportation, Maritime Administration, which regulate the ownership and operation of vessels operating on the Great Lakes and in U.S. coastal waters. In addition, in the U.S., the Environmental Protection Agency regulates air emissions from these vessels.

Security - Canada

In Canada, the Company is subject to border security regulation by the Canada Border Services Agency (**CBSA**). In particular, the Company is subject to border security arrangements pursuant to an agreement between the Company, Canadian Pacific Kansas City Limited (formerly known as Canadian Pacific Railway) and the CBSA.

The Company is also required to comply with regulations on agriculture-related shipments crossing the Canada/U.S. border which are mandated by the Canadian Food Inspection Agency in Canada.

Security - U.S.

The Company is subject to statutory and regulatory directives in the U.S. addressing homeland security concerns. In the U.S., the TSA regulates transportation security, which is part of the U.S. Department of Homeland Security (**DHS**) and PHMSA, which, like the FRA, is part of the U.S. Department of Transportation. Border security falls under the jurisdiction of U.S. Customs and Border Protection (**CBP**), which is part of the DHS. In particular, the Company is subject to regulations against terrorism, regulations imposed by the CBP requiring advance notification by all modes of transportation for all shipments into the U.S., potential security inspections at the Canada/U.S. border, and gamma ray screening of cargo entering the U.S. from Canada, among others.

The Company is also required to comply with regulations on agriculture-related shipments crossing the Canada/U.S. border, including inspection requirements for imported fruits and vegetables grown in Canada and an agricultural quarantine and inspection user fee for all traffic entering the U.S. from Canada, which are mandated by the U.S. Department of Agriculture and the Food and Drug Administration.

The Company has worked with the Association of American Railroads to develop and put in place an extensive industry-wide security plan to address terrorism and security-driven efforts by state and local governments seeking to restrict the routings of certain hazardous materials.

Cybersecurity and technology - Canada & U.S.

CN relies on information technology operated by it or under the control of third parties in all aspects of its business, and, as a result, is subject to regulations regarding cybersecurity and technology in both Canada and the U.S., including regulations specific to companies operating in the rail industry. In particular, CN is subject to cyber risk monitoring and assessment requirements, testing requirements, and reporting requirements.

CN has invested, and continues to invest in, technology security initiatives, information technology risk management, business continuity and disaster recovery plans, and other security and mitigation programs to meet evolving network and cybersecurity expectations and regulations. New regulatory obligations related to cybersecurity and technology risk may impose additional costs and obligations on CN and may lead to government inquiries or requests for information.

4.7 *ENVIRONMENTAL MATTERS*

Environmental Liability and Compliance

A risk of environmental liability is inherent in railroad and related transportation operations; real estate ownership, operation or control; and other commercial activities of the Company with respect to both current and past operations. As a result, the Company incurs significant operating and capital costs, on an ongoing basis, associated with environmental regulatory compliance and clean-up requirements in its railroad operations and relating to its past and present ownership, operation or control of real property.

CN is in all material respects similarly situated relative to its competitors as it relates to its exposure to environmental liability risk and thus the resulting environmental protection requirements and expenditures are not expected to have a material adverse effect on CN's competitive position. Environmental expenditures that relate to current operations, or to an existing condition caused by past operations, are expensed as incurred. Environmental expenditures that provide a future benefit are capitalized.

In Canada, the matter of environmental permits is complex for CN because of the overlap between federal and provincial jurisdictions. When projects trigger an environmental assessment, CN proceeds in accordance with the *Impact Assessment Act*. Provincial and municipal environmental legislation may be applicable to CN if such legislation does not aim to regulate the management or operations of railways. CN does not apply systematically for provincial, municipal or local environmental permits for its railway operations in Canada. Because of the multiple jurisdictions, there can be no assurance that additional provincial, municipal or local environmental permits will not be required in the future and CN may incur additional expenses or changes in its operations those were to be required.

For a further discussion of environmental matters, refer to Note 21 – *Major commitments and contingencies* contained in CN's 2025 Annual Consolidated Financial Statements (**Financial Statements**), which note is incorporated by reference herein, as well as the section entitled "Environmental matters" in the Business risks discussion located on page59 of the MD&A, which pagesare incorporated by reference herein. The Financial Statements may be found online on SEDAR+ at www.sedarplus.ca, on the SEC's website at www.sec.gov through EDGAR, and on the Company's website at www.cn.ca in the "Investors" section.

Environmental Policy

CN is committed to building a sustainable future, to working with its supply chain partners and customers to provide cleaner, more sustainable transportation services, and to working with stakeholders and rightsholders to avoid, minimize, or offset its environmental impact and when required, to restore it. CN's Environmental Policy guides its environmental strategy, with a focus on emissions and energy efficiency, waste management, and biodiversity and land management. The Environmental Policy is regularly reviewed, including most recently in 2025. CN employees, suppliers, and contractors performing services on behalf of CN are expected to act in accordance with the Environmental Policy when performing work for CN. CN has also implemented comprehensive environmental management programs which establish the governance structure and processes it implements to support the environmental commitments set out in its Environmental Policy, with a view to minimize the risk and potential impacts of its activities on the environment and ensure compliance with applicable environmental regulations.

CN strives to contribute to the protection of the environment by integrating environmental priorities into its overall business plan and through the specific monitoring and measurement of such priorities against historical performance and, in some cases, specific goals. Certain risk mitigation strategies, such as periodic audits, employee training programs and emergency plans and procedures, are in place with the view of minimizing the environmental risks to the Company. The Safety and Environment Committee of the Board of Directors has the responsibility of overseeing the Company's Environmental Policy and environmental programs.

For further information, CN's most recent Delivering Responsibly report, data supplement report, as well as the Company's CDP report and the Company's Corporate Governance Manual are available on CN's website www.cn.ca in the "Delivering Responsibly" section.

4.8 *LEGAL MATTERS*

Legal Proceedings

As of the date hereof, there are no legal proceedings to which CN is or was a party to during the last financial year, or that any of its property is or was the subject of during the last financial year, in each case involving claims for damages (exclusive of interest and costs) in excess of 10% of CN's current assets. The Company is not aware of any such legal proceedings being contemplated.

See Note 21 – *Major commitments and contingencies* to the Financial Statements, which note is incorporated by reference herein, for further discussion of material legal actions, if any.

Indigenous Claims

The Company believes that it possesses unrestricted and absolute title to its lands. However, in recent years, some Indigenous communities have claimed to have a continuing legal interest in certain lands. As the issues surrounding Indigenous claims are complex and involve not only private interests but fiduciary and other obligations of the Crown in the right of Canada, CN has agreed not to sell or otherwise dispose of land which is not essential to its rail operations and which is located in, or adjacent to, an Indigenous reserve, unless each of CN and the Government of Canada is satisfied that no legitimate Indigenous claim exists with respect to such land. CN has also agreed to convey to the Government of Canada, for no consideration, any land not integral to its rail operations that may be necessary to settle legitimate Indigenous claims with respect to such land, or lands which were formerly reserve lands and have become non-rail assets. The Government of Canada, for its part, has agreed that it will provide the necessary compensation for settlement of legitimate Indigenous claims which would otherwise result in CN having to relinquish land essential to its rail network, unless such claims arise out of, or are substantially based upon, willful, known, negligent or fraudulent

acts or omissions of CN which adversely affected the rights or interests of Indigenous peoples. There is no perceived material adverse effect on the Company, as the right of the Company to continue to occupy and operate over such lands is not being called into question.

4.9 *INTANGIBLE PROPERTIES*

CN uses various works protected by intellectual property rights which the Company owns or for which it has been granted rights to use. These works include customers' lists, copyrights, patents, trademarks, logos and trade names. This intellectual property is important to CN's operations and its success.

4.10 *RISK FACTORS*

A description of material risks to CN and its business appears under the heading "Business risks" located on pages58 to 66 of the MD&A, and under the heading "Financial Instruments" for risks associated with the Company's use of financial instruments located on pages47 to 49 of the MD&A, which pagesare incorporated by reference herein. See Item 1 of this AIF for a further discussion of risks associated with forward-looking statements.

ITEM 5 DIVIDENDS

CN has declared dividends in line with its overall financial performance and cash flow generation. The Board of Directors makes decisions on dividend levels on an annual basis and on dividend payout on a quarterly basis.

Consistent with this practice, the quarterly dividend rate has increased as follows during the three most recently completed financial years and for 2026:

Effective year	Amount of quarterly dividend (per common share)	
2023	$	0.7900
2024	$	0.8450
2025	$	0.8875
2026	$	0.9150

There can be no assurance as to the amount or timing of such dividends in the future.

ITEM 6 CAPITAL STRUCTURE

6.1 *GENERAL DESCRIPTION OF CAPITAL STRUCTURE*

The authorized share capital of CN consists of an unlimited number of common shares, an unlimited number of ClassA Preferred Shares issuable in series and an unlimited number of ClassB Preferred Shares issuable in series, all without par value. There are no ClassA Preferred Shares or Class B Preferred Shares currently issued and outstanding.

Common Shares

The common shares carry and are subject to the following rights, privileges, restrictions and conditions:

Voting - Each common share entitles its holder to receive notice of and to attend all general and special meetings of shareholders of CN, other than meetings at which only the holders of a particular class or series of shares are entitled to vote, and each such common share entitles its holder to one vote.

Dividends - The holders of common shares are, at the discretion of the directors, entitled to receive, out of any amounts applicable to the payment of dividends, and after the payment of any dividends payable on any ClassA Preferred Shares, ClassB Preferred Shares or shares of any other class of the Company ranking prior to the common shares, any dividends declared and payable by CN on the common shares.

Dissolution - The holders of common shares shall be entitled to share equally in any distribution of the assets of CN upon the liquidation, dissolution or winding-up of CN or other distribution of its assets among its shareholders for the purpose of winding-up its affairs. Such participation is subject to the rights, privileges, restrictions and conditions attaching to any issued and outstanding ClassA Preferred Shares, Class B Preferred Shares or shares of any other class ranking prior to the common shares.

Preferred Shares

The ClassA Preferred Shares and the ClassB Preferred Shares are issuable in series and, subject to CN's Articles, the Board of Directors is authorized to fix, before issuance, the designation, rights, privileges, restrictions and conditions attaching to the shares of each series. The holders of ClassA Preferred Shares or ClassB Preferred Shares shall not be entitled to vote at meetings of shareholders otherwise than as provided by law and holders of Class A Preferred Shares or Class B Preferred Shares shall not be entitled to vote separately as a class except as provided by law.

6.2 *SHARE OWNERSHIP CONSTRAINTS*

CN's Articles provide that no person, together with their associates, shall hold, beneficially own or control, directly or indirectly, more than 25% of the issued and outstanding voting shares of the Company (**share ownership constraint**).

Where the total number of voting shares held, beneficially owned or controlled, directly or indirectly, by any one person together with his or her associates exceeds 25% of the issued and outstanding voting shares of the Company, no person shall exercise the voting rights attached to the voting shares held, beneficially owned or controlled, directly or indirectly, by such person or their associates. All dividends attributable to the percentage of voting shares held by such persons in excess of 25% shall be forfeited, including any cumulative dividend. However, CN's Articles provide that in the event that the 25% limit is exceeded solely as a result of a redemption, purchase for cancellation or other acquisition of common shares by CN, the only consequence to the relevant shareholder is that the shareholder is not entitled to exercise the voting rights attached to the common shares held by such shareholder that are in excess of the 25% limit.

CN's Articles confer on the Board of Directors all powers necessary to give effect to the share ownership constraint, including the ability to pay dividends or to make other distributions which would otherwise be prohibited if the event giving rise to the prohibition was inadvertent or of a technical nature or it would otherwise be inequitable not to pay the dividends or make the distribution. CN's Articles provide that the Board of Directors may adopt by-laws concerning the administration of the share ownership constraint described above, including by-laws requiring a shareholder to furnish a declaration indicating whether he or she is the beneficial owner of the shares and whether he or she is an associate of any other shareholder.

In addition, CN is authorized to refuse to recognize the ownership rights that would otherwise be attached to any voting shares held, beneficially owned or controlled, directly or indirectly, contrary to the share ownership constraint. Finally, CN has the right, for the purpose of enforcing any share ownership constraint imposed pursuant to its Articles, to sell, as if it were the owner thereof, any voting shares that are owned or that the directors determine may be owned, by any person or persons contrary to such share ownership constraint.

6.3 *RATINGS OF DEBT SECURITIES*

The Company's access to long-term funds in the debt capital markets depends on its credit rating and market conditions. The Company believes that it continues to have access to the long-term debt capital markets. Rating downgrades could limit the Company's access to the credit markets, or increase its borrowing costs. Various classes of CN's outstanding securities have been rated by several rating organizations, as described in detail below, as of the date hereof.

	DBRS Morningstar	**Moody's Investors Service**	**S&P Global Ratings Canada**
Long-Term Debt	A	A2	A-
Commercial Paper	R-1 (low)	P-1	A-2

These ratings are given the following credit characteristics by the various rating agencies:

DBRS Morningstar (DBRS)

. Long-term debt rated A is of good credit quality. The capacity for the payment of financial obligations is substantial, but of lesser quality than AA. May be vulnerable to future events, but qualifying negative

factors are considered manageable. This rating falls within the third highest of DBRS's ten long-term debt rating categories which range from "AAA" to "D".

· Commercial paper rated R-1 (low) is of good credit quality. The capacity for the payment of short-term financial obligations as they fall due is substantial. Overall strength is not as favourable as higher rating categories. Maybe vulnerable to future events, but qualifying negative factors are considered manageable. This rating falls within the third highest of DBRS's ten short-term debt rating categories which range from "R-1 (high)" to "D".

Moody's Investors Service (Moody's)

· Long-term debt obligations rated A are judged to be upper-medium grade and are subject to low credit risk. This rating falls within the third highest of Moodys' nine generic long-term obligation rating categories which range from "Aaa" to "C". The modifier "2" indicates a ranking in the mid-range of that generic rating category.

· Commercial paper rated P-1 indicates that CN has a superior ability to repay short-term debt obligations. This rating falls within the highest of Moodys' four generic short-term debt-rating categories, which range from "P-1" to "NP".

S&P Global Ratings Canada (S&P)

· Long-term debt obligations rated A are somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher rated categories. However, the obligor's capacity to meet its financial commitment on the obligations is still strong. This rating falls within the third highest of S&P's ten major long-term credit rating categories which range from "AAA" to "D". The modifier "-" indicates a ranking in the low-range of that generic rating category.

· A short-term obligation rated A-2 is rated in the second highest category by S&P, which ranges from "A-1" to "D". The obligor's capacity to meet its financial commitment on the obligation is satisfactory, but somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions.

The ratings of CN's securities described above should not be construed as a recommendation to buy, sell, or hold CN securities and do not address the market price or suitability of a specific security for a particular investor. Ratings may be revised or withdrawn at any time by the rating agencies.

As is common practice, during the last two years, each of the above-noted credit rating agencies charged CN for their rating services, which include annual surveillance fees covering CN's outstanding long-term and short-term debt securities, in addition to one-time rating fees when debt is initially issued. CN reasonably expects that such payments will continue to be made for rating services in the future. CN has not made any payments to any of the above-noted credit rating agencies for any other service during the last two years.

Auditors' Fees

KPMG LLP (**KPMG**) has served as auditors of CN since 1992. For the years ended December31, 2025 and 2024, their fees for audit, audit-related, tax and other services provided to CN were the following:

Fees [1]	2025	2024
Audit	$ 3,458,000	$ 3,196,000
Audit-related	$ 1,362,000	$ 1,335,000
Tax	$ 1,022,000	$ 942,000
All Other	$ —	$ —
Total Fees	**$ 5,842,000**	**$ 5,473,000**

(1) Fees rounded to the nearest thousand.

Pursuant to the terms of its charter (attached as **Schedule A** of this AIF), the AFR Committee approves all audit and audit-related services, audit engagement fees and terms and all non-audit engagements with the independent auditor. The AFR Committee pre-approved all the services performed by CN's independent auditors for audit-related and non-audit related services for the years ended December31, 2025 and 2024. The nature of the services under each category is described hereinafter.

Audit fees are for services rendered in relation to the audits of the Company's consolidated annual financial statements and internal control over financial reporting, review of quarterly reports and audits of the financial statements of certain of the Company's subsidiaries.

Audit-related fees are for services related to the audits of the Company's various pension plan financial statements, attestation and assurance services in connection with sustainability-related reports and other reports required by statute or regulation and services rendered in connection with the issuance of debt.

Tax fees are for services related to tax compliance including assistance with the preparation and review of tax returns for expatriate employees, corporate tax returns and other tax compliance services related to transfer pricing and indirect tax.

All Other fees are for advisory services related to non-audit projects.

Non-Audit Services

The charter of the AFR Committee (attached as **Schedule A** to this AIF) provides that the AFR Committee determines which non-audit services the external auditors are prohibited from providing, approves audit services and pre-approves permitted non-audit services to be provided by the external auditors. The AFR Committee and the Board of Directors have adopted resolutions prohibiting the Company from engaging KPMG to provide certain non-audit services to the Company and its subsidiaries, including bookkeeping or other services related to the accounting records or financial statements, financial information systems design and implementation, appraisal or valuation services, fairness opinions, or contribution in-kind reports, actuarial services, internal audit outsourcing services, management functions or human resources functions, broker or dealer, investment adviser, or investment banking services and legal services and expert services unrelated to the audit. Pursuant to such resolutions, the Company may engage KPMG to provide non-audit services, including tax services, other than the prohibited services listed above, but only if the services have specifically been pre-approved by the AFR Committee.

9.4 *CEASE TRADE ORDERS, BANKRUPTCIES, PENALTIES OR SANCTIONS*

To the knowledge of the Company and based on information provided by the CN's directors and executive officers, none of its directors or executive officers is or has been, in the last 10 years, a director, chief executive officer or chief financial officer of any company (including CN) that: (a)was subject to a cease trade or similar order or an order that denied such company access to any exemption under securities legislation, in each case for a period of more than 30 consecutive days, (each an **Order**) that was issued while such person was acting in the capacity of director, chief executive officer or chief financial officer of such company; or (b)was subject to an Order that was issued after that person ceased to be a director, chief executive officer or chief financial officer of such company and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer of such company.

Except as disclosed in this section, to the knowledge of the Company and based on information provided by its directors and executive officers, no director or executive officer (i)is or has been, in the last 10 years, a director or executive officer of a company (including CN) that, while such person was acting in that capacity or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets, or (ii)has, in the last 10 years, themselves become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold their assets.

On March31, 2016, Ms.McKenzie, a current member of the Board of Directors, resigned as a director of Endurance Energy Ltd., a privately held natural gas exploration company which filed for creditor protection under the *Companies' Creditors Arrangement Act* (Canada) in May2016 and was later placed into bankruptcy in November 2017.

To the knowledge of the Company and based on information provided by its directors and executive officers, no director or executive officer has been subject to (i)any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or (ii)any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable investor making an investment decision.

To the knowledge of the Company, based on the most recent publicly available information, no person beneficially owns, or directly or indirectly exercises control or direction over, a sufficient number of securities of the Company to affect materially the control of the Company.

ITEM 10 INTEREST OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

To the knowledge of the Company and based on information provided by the Company's directors and executive officers, there were no (i)directors or executive officers, (ii)persons that beneficially own, or control or direct, directly or indirectly, more than 10% of CN's common shares, or (iii)any associate or affiliate of persons referred to in (i)and (ii), with a material interest, direct or indirect, in any transaction within the three most recently completed financial years that has materially affected the Company or is reasonably expected to materially affect the Company.

ITEM 11 INTEREST OF EXPERTS

KPMG is the external auditor who prepared the Reports of Independent Registered Public Accounting Firm to the Board of Directors and shareholders of CN relating to the effectiveness of internal controls over financial reporting and relating to the audit of the 2025 Annual Consolidated Financial Statements and the related notes in conformity with U.S. GAAP.

KPMG confirmed with respect to CN that they are independent within the meaning of the relevant rulesand related interpretations prescribed by the relevant professional bodies in Canada and any applicable legislation or regulation.

ITEM 12 ADDITIONAL INFORMATION

SCHEDULE A
CHARTER OF THE AUDIT, FINANCE AND RISK COMMITTEE

1. PURPOSE

The purpose of the AFR Committee is to assist the Board in fulfilling its oversight responsibilities in relation to:

- the integrity and quality of CN's financial statements, financial reporting, systems of internal control and internal audit function;
- the qualifications, independence and performance of CN's auditor;
- CN's financing plans and programs relating to treasury operations, credit facilities and credit ratings, and financial risks and contingent exposures;
- the funding of CN's Pension Plans, the investment management performance of the CN Investment Division and the activities of the Pension Advisory Working Committee;
- CN's risk assessment and enterprise risk management process, policies and practices; and
- any additional matters delegated to the AFR Committee by the Board.

2. MEMBERSHIP

- **Number**. The Board shall appoint a minimum of four directors to be members of the AFR Committee, one of whom shall be a member of the HRC Committee.
- **Independent Directors**. Only independent directors, as determined by the Board and under Canadian and U.S. corporate governance standards, may be appointed. A member of the AFR Committee may not, other than in his or her capacity as a director or member of a Board committee and subject to the exceptions provided in Canadian and U.S. laws and regulations, accept directly or indirectly any fee from CN or any subsidiary of CN nor be an affiliated person of CN or any subsidiary of CN.
- **Qualifications**. Each member must be "financially literate" and at least one member must be an "audit committee financial expert", as determined by the Board.
- **Simultaneous Service**. Because of the AFR Committee's demanding role and responsibilities, the Board Chair, together with the GS Committee chair, shall review any invitation to the AFR Committee members to join the audit committee of another entity. Where a member of the AFR Committee simultaneously serves on the audit committee of more than three public companies, including CN, the Board shall determine whether such simultaneous service impairs the ability of such member to effectively serve on the AFR Committee and either requires a correction to the situation or discloses in CN's Information Circular that there is no such impairment.

3. MEETINGS

- **Meetings**. The AFR Committee shall meet at least four times annually, or more frequently as circumstances dictate. Such meetings may be held by telephone or by any other means which enables all participants to communicate with each other simultaneously and as necessary.
- **Quorum**. A quorum for the transaction of business at an AFR Committee meeting shall be a majority of the AFR Committee members.
- **Timing**. The AFR Committee shall typically meet one day prior to CN's Board meetings, or as otherwise required.
- **Meeting Without Management**. Each AFR Committee meeting will include a portion without the presence of management.
- **Access to Outside Advisers**. As appropriate, the AFR Committee may retain independent advisors to help it carry out its responsibilities, including fixing such advisors' fees and retention terms, subject to advising the Board Chair. The AFR Committee has the authority to independently make arrangements for the appropriate funding for payment of any advisors retained by it. The Board will make arrangements for the appropriate funding for all administrative expenses necessary or appropriate to allow the AFR Committee to carry out its duties.
- **Reporting**. The AFR Committee shall report to the Board following each regularly scheduled meeting of the AFR Committee, or more frequently if circumstances warrant, on the AFR Committee's activities.

4. RESPONSIBILITIES

The AFR Committee will be responsible for overseeing the performance of the following functions:

A. AUDIT FUNCTIONS

- **Overseeing Financial Reporting**. The AFR Committee shall monitor and review the quality and integrity of CN's accounting and financial reporting process, which includes:
    - monitoring the quality and integrity of CN's accounting and financial reporting process through discussions with management, the external auditors and the internal auditors;
    - reviewing with management and the external auditors and recommending for approval to the Board both the annual audited financial statements to be included in the annual report of CN and the quarterly consolidated financial statements of CN and accompanying information, including in each case CN's MD&A disclosure and earnings press releases prior to their release, filing and distribution;
    - reviewing with management and the external auditors and recommending for approval to the Board the annual audited financial statements of CN's pension trust funds of CN's Pension Plans ("**Pension Trust Funds"**);
    - reviewing the level and type of financial information provided, from time to time, to financial markets;
    - reviewing and recommending for approval to the Board the financial information contained in the annual information form, prospectuses or other offering documents and other reports or documents, financial or otherwise, requiring Board approval;
    - reviewing with the external auditors and management, the quality, appropriateness and disclosure of CN's accounting principles and policies, underlying assumptions and reporting practices, and any proposed changes thereto, as well as any significant financial reporting issues and judgments made in connection with the preparation of financial statements, including without limitation (i)all critical accounting policies and practices used, (ii)any alternative treatments of financial information that have been discussed with management, the ramification of their use and the treatment preferred by the external auditors, as well as (iii)any other material written communications between CN and the external auditors (including a disagreement, if any, with management and any audit problems or difficulties and management's response);
    - reviewing the external auditors' reports on the annual consolidated financial statements and internal controls over financial reporting of CN and on the annual financial statements of CN's Pension Trust Funds;
    - reviewing the external auditors' quarterly review engagement reports on the quarterly consolidated financial statements of CN;
    - reviewing the compliance of management certification of financial reports with applicable legislation; and
    - reviewing the results of the external audit, any significant problems encountered in performing the audit, and management's response and/or action plan related to any Management Letter issued by the external auditors and any significant recommendations contained therein.

- **Monitoring Internal Controls over Financial Reporting ("Internal Controls")**. The AFR Committee shall monitor the integrity and quality of CN's Internal Controls. This includes:
    - receiving periodically management's report assessing the adequacy and effectiveness of CN's disclosure controls and procedures and Internal Controls;
    - reviewing CN's compliance with applicable legal and regulatory requirements relating to Internal Controls;
    - while ensuring confidentiality and anonymity, establishing procedures for the receipt, retention and treatment of complaints received by CN regarding any matter that could pose a risk to CN's business, including concerns regarding accounting or auditing matters; and
    - requesting the performance of an audit of any specific risk or of Internal Controls, as required.

- **Monitoring Internal Auditors**. The AFR Committee will monitor the performance of the internal auditors. This includes:
    - ensuring that the chief internal auditor reports directly to the AFR Committee and recommending the appointment and termination of the chief internal auditor;
    - regularly monitoring the internal audit function's performance, responsibilities, staffing and resources;

    - approving at least annually the internal audit plan and monitoring the progress thereof on a regular basis; and
    - ensuring that the internal auditors are accountable to the AFR Committee and to the Board.

- **Monitoring External Auditors**. The external auditor is accountable to and reports directly to the AFR Committee. Accordingly, the AFR Committee will evaluate and be directly responsible for CN's relationship with the external auditor. Specifically, this includes:
    - recommending to the Board and CN's shareholders the appointment and, if appropriate, the removal of external auditors for CN and CN's Pension Trust Funds, evaluating and remunerating them, and monitoring their qualifications, performance and independence;
    - approving and overseeing the disclosure of all audit, review and attest services provided by the external auditors, determining which non-audit services the external auditors are prohibited from providing, and pre-approving and overseeing the disclosure of permitted non-audit services by the external auditors to CN or any of its subsidiaries, in accordance with applicable laws and regulations;
    - approving all fees paid to the external auditors;
    - reviewing at least annually, a report by the external auditors describing their internal quality-control procedures; any material issues raised by their most recent internal quality-control review of their firm, or peer review, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more audits carried out by them, to the extent available, and any steps taken to deal with any such issues;
    - reviewing at least annually, the formal written statement from the external auditors stating all relationships the external auditors have with CN and confirming their independence, and holding discussions with the external auditors as to any relationship or services that may impact their objectivity or independence;

- reviewing hiring policies for employees or former employees of CN's external auditors; and
- ensuring the rotation of lead, concurring and other audit partners, to the extent required by Canadian corporate governance standards and US corporate governance standards.

- **Communications with Auditors and Management**. The AFR Committee has direct communication channels with the internal and external auditors to discuss and review specific issues, as appropriate. In addition, each must meet separately with the AFR Committee, without management, quarterly, and more frequently as required; the AFR Committee must also meet separately with management quarterly, and more frequently as required.

- **Communications with Investors**. The AFR Committee shall oversee CN's policies and procedures related to disclosure of financial and other material information to investors and the processes in place to ensure the information is accurate, complete and consistent with other public disclosures made by CN; the AFR Committee will ensure procedures in place for the review of CN's disclosure of financial information extracted or derived from CN's financial statements and periodically assessing the adequacy of those procedures.

B. FINANCE MATTERS

- **Operating and Capital Plans**. Following the Board's annual approval of CN's strategic and business plan, and overall capital allocation plan and shareholder distributions (including with respect to dividends and share repurchases), the AFR Committee shall monitor performance against CN's annual operating plans, capital expenditures programs and capital allocation plans, including monitoring CN's capital structure and cash flows, and the alignment of these plans to CN's long-term strategy.

- **Financial Policy and Financings**. The AFR Committee shall review and make recommendations to the Board relating to CN's financial policies and financing plans, including:

  - treasury operations such as the opportunity and parameters of debt and equity financings and the prepayment, redemption, repurchase or defeasance of any indebtedness;
  - the use of financial derivatives and hedging activities;
  - loans, guarantees of the credit of others, or other extensions of credit by CN; and
  - significant additional voluntary pension contributions above current service cost and above any required special payments that would materially impact CN's capital allocation plan, in each case that exceed any delegation of authority to management.

- **Credit Ratings**. The AFR Committee shall regularly review CN's credit ratings and monitor CN's activities relating to credit rating agencies.

- **Credit Facilities**. The AFR Committee shall review CN's credit facilities, including amendments thereto, and review compliance by CN with its financial covenants.

- **Significant Investments**. The AFR Committee shall receive regular reports from management on the status and risks related to CN's significant or strategic investments, such that the AFR Committee may monitor the execution of such investments against objectives and oversee any related risks.

C. RISK MANAGEMENT

- **Risk Monitoring and Assessment**. The AFR Committee shall oversee and monitor management's assessment of CN's major risk exposures, defined as exposures that have the potential to materially impact CN's ability to meet or support its business objectives, and report to the Board on any significant risks. This includes reviewing:

  - principal risks and their potential impact on CN's ability to achieve its business and financial objectives, including, in coordination with the GS, HRC and SE Committees, any risks overseen by such Committees and the adequacy and effectiveness of applicable internal controls related to such risks;
  - CN's processes and policies for identifying, assessing and managing risks, including CN's insurance coverage, to satisfy itself as to the effective risk management of all risks to CN's business;
  - management's oversight of matters relating to non-operating information technology, cyber security or data governance affecting CN and CN's information technology systems;
  - CN's business continuity plans and disaster recovery plans; and any litigation, claim or other contingency, any investigations and any regulatory or accounting initiatives that could have a material effect upon the financial position or operating results of CN.

- **Enterprise Risk Management.** The AFR Committee shall be responsible for the overall oversight of CN's enterprise risk management program and the work carried out by management in this regard. This shall include the review of regular enterprise risk management reports prepared by management. The AFR Committee shall review and discuss with management all key enterprise risk exposures (with the exception of risks for which another committee has been delegated responsibility for by the AFR Committee or the Board) and the steps management has taken to monitor/control and mitigate those exposures.The AFR Committee shall be informed of any risk reports relating to specific risks which fall within the mandate of, or have been delegated to, other Board committees, enabling the AFR Committee to have a holistic view of all risks faced by CN. The AFR Committee shall periodically report to the Board on any significant risks or other matters identified in the enterprise risk management reports it receives and on any major issues arising with respect to the management of those risks.

  The GS Committee will ensure that a proper governance framework over risks is in place between the Board and each of its committees and that specific risks which naturally fall within the expertise or mandate of a committee receive appropriate oversight within such committee. The AFR Committee will ensure the proper identification of all key risks and will work with the GS Committee in ensuring proper oversight of such key risks across committees.

- **Delegation to Other Board Committees.** The AFR Committee shall have the authority to delegate to other committees of the Board the responsibility for oversight of specific risks that fall within such committee's mandate and receive periodic reports from any such committee on the management of those risks. The AFR Committee is made aware of the work of other committees through regular reporting such that it can have a holistic view of all risks the Company faces, including their potential interplay and/or cumulative effect on CN's business and strategy.

- **Fraud Control**. The AFR Committee shall oversee CN's anti-fraud programs and controls, including its policies and procedures over fraud risk assessments and fraud risk management.

D. DELEGATION OF AUTHORITY

- The AFR Committee shall review and recommend for approval CN's Standing Resolutions on Delegation of Authority, including the delegation of authority to approve financing transactions and other matters.

E. PENSION AND INVESTMENT

- **Pension Plan Funding**. The AFR Committee shall oversee and review the funding and investment management of CN's Pension Plans. In this regard, the AFR Committee shall:

    - approve CN's overall pension risk management strategy and report thereon to the Board;
    - approve all of CN's Pension Trust Funds investments made in any one real estate property, resource property, the shares or debt of any single corporation not listed on a prescribed stock exchange as defined in the Income Tax Act (Canada), or any investment in a single externally managed fund in any asset class with a non-redeemable investment term averaging more than five years, including real estate, oil and gas, private equities, private debt, infrastructure, and absolute return, for which the aggregate investment exceeds CAD $150,000,000 (or the equivalent thereof), except when the loan or interest is by way of a first mortgage. Debt securities included in standard investment-grade Canadian bond indices are excluded from this requirement;
    - review and recommend to the Board changes to the Statement of Investment Policies and Procedures and Derivative Policy for CN's Pension Trust Funds for approval, including the investment beliefs and principles that are to underly investment decisions to ensure alignment with CN's overall values and risk tolerance; and
    - review and recommend to the Board actuarial valuations and funding of CN's Pension Plans.

- **Pension Advisory Working Committee**

    - review and recommend to the Board the governance structure of the management Pension Advisory Working Committee; and
    - appoint members of the management Pension Advisory Working Committee and its Chair.

- **Investment Division**. Oversee, through the Pension Advisory Working Committee, the Investment Division performance on investment of assets of CN's Pension Trust Funds in accordance with the Statement of Investment Policies and Procedures approved by the Board, as well as the funded status of CN's Pension Plans more broadly.

5. EVALUATION OF THE AFR COMMITTEE

- **Review**. The AFR Committee will review and assess its mandate annually or otherwise as it deems appropriate and shall report to the Board regularly on its deliberations and annually on the adequacy of its mandate.

- **Assessment**. At least annually, the AFR Committee will review its effectiveness in fulfilling its responsibilities and duties as set out in its mandate.

6. GENERAL

Nothing contained in the above mandate is intended to assign to the AFR Committee the Board's responsibility to ensure CN's compliance with applicable laws or regulations or to expand applicable standards of liability under statutory or regulatory requirements for the directors or the members of the AFR Committee. Even though the AFR Committee has a specific mandate and its members may have financial experience and expertise, it is not the duty of the AFR Committee to plan or conduct audits, or to determine that CN's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Such matters are the responsibility of management, the internal auditors and the external auditors.

Members of the AFR Committee are entitled to rely, absent knowledge to the contrary, on (i)the integrity of the persons and organizations from whom they receive information, (ii)the accuracy and completeness of the information provided, and (iii)representations made by management as to the non-audit services provided to CN by the external auditors.

Exhibit 97

CANADIAN NATIONAL RAILWAY COMPANY
FINANCIAL STATEMENT COMPENSATION RECOUPMENT POLICY

This Canadian National Railway Company Compensation Recoupment Policy (the " **Policy**") has been adopted by the Human Resources and Compensation Committee and the Board of Directors of Canadian National Railway Company (the "**Company**") at their meetings held respectively on October 23 and 24, 2023. This Policy provides for the recoupment of certain executive compensation in the event of an accounting restatement resulting from material noncompliance with financial reporting requirements under U.S. federal securities laws in accordance with the terms and conditions set forth herein. This Policy is intended to comply with the requirements of Section 10D of the Exchange Act (as defined below) and Section 303A.14 of the NYSE Listed Company Manual.

1. Definitions. For the purposes of this Policy, the following terms shall have the meanings set forth below. Capitalized terms used but not defined in this Policy shall have the meanings set forth in the 1996 Management Long-Term Incentive Plan (as may be amended from time to time).

(a) "**Committee**" means the Human Resources and Compensation Committee of the Board of Directors ("the **Board**") or any successor committee thereof. If there is no Human Resources and Compensation Committee of the Board, references herein to the Committee shall refer to the Company's committee of independent directors that is responsible for executive compensation decisions, or in the absence of such a compensation committee, the independent members of the Board.

(b) "**Covered Compensation**" means any Incentive-based Compensation "received" by a Covered Executive during the applicable Recoupment Period; *provided* that:

(i) such Covered Compensation was received by such Covered Executive (A) after the Effective Date, (B) after he or she commenced service as an Executive Officer and (C) while the Company had a class of securities publicly listed on a United States national securities exchange; and

(ii) such Covered Executive served as an Executive Officer at any time during the performance period applicable to such Incentive-based Compensation.

For purposes of this Policy, Incentive-based Compensation is "**received**" by a Covered Executive during the fiscal period in which the Financial Reporting Measure applicable to such Incentive-based Compensation (or portion thereof) is attained, even if the payment or grant of such Incentive-based Compensation is made thereafter.

(c) "**Covered Executive**" means any current or former Executive Officer.

(d) "**Effective Date**" means October 2, 2023.

(e) "**Exchange Act**" means the U.S. Securities Exchange Act of 1934, as amended.

(f) "**Executive Officer**" of the Company means executives holding the position of Senior Vice-President or more senior positions at the Company, as well as the Vice-President and Corporate Comptroller of the Company.

(g) "**Financial Reporting Measure**" means any (i) measure that is determined and presented in accordance with the accounting principles used in preparing the Company's financial statements, (ii) stock price measure or (iii) total shareholder return measure (and any measures that are derived wholly or in part from any measure referenced in clause (i), (ii) or (iii) above). For the avoidance of doubt, any such measure does not need to be presented within the Company's financial statements or included in a filing with the U.S. Securities and Exchange Commission to constitute a Financial Reporting Measure.

(h) "**Financial Restatement**" means a restatement of the Company's financial statements due to the Company's material noncompliance with any financial reporting requirement under U.S. federal securities laws that

---

is required in order to correct:

(i) an error in previously issued financial statements that is material to the previously issued financial statements; or

(ii) an error that would result in a material misstatement if the error were (A) corrected in the current period or (B) left uncorrected in the current period.

For purposes of this Policy, a Financial Restatement shall not be deemed to occur in the event of a revision of the Company's financial statements due to an out-of-period adjustment (i.e., when the error is immaterial to the previously issued financial statements and the correction of the error is also immaterial to the current period) or a retrospective (1) application of a change in accounting principles; (2) revision to reportable segment information due to a change in the structure of the Company's internal organization; (3) reclassification due to a discontinued operation; (4) application of a change in reporting entity, such as from a reorganization of entities under common control; or (5) revision for stock splits, reverse stock splits, stock dividends or other changes in capital structure.

(j) "**Incentive-based Compensation"** means any compensation (including, for the avoidance of doubt, any cash or equity or equity-based compensation, whether deferred or current) that is granted, earned and/or vested based wholly or in part upon the achievement of a

Financial Reporting Measure. For purposes of this Policy, "Incentive-based Compensation" shall also be deemed to include any amounts which were determined based on (or were otherwise calculated by reference to) Incentive-based Compensation (including, without limitation, any amounts under any long-term disability, life insurance or supplemental retirement or severance plan or agreement or any notional account that is based on Incentive-based Compensation, as well as any earnings accrued thereon).

(k) "**NYSE**" means the New York Stock Exchange, or any successor thereof.

(l) "**Recoupment Period**" means the three fiscal years completed immediately preceding the date of any applicable Recoupment Trigger Date. Notwithstanding the foregoing, the Recoupment Period additionally includes any transition period (that results from a change in the Company's fiscal year) within or immediately following those three completed fiscal years, provided that a transition period between the last day of the Company's previous fiscal year end and the first day of its new fiscal year that comprises a period of nine (9) to twelve (12) months would be deemed a completed fiscal year.

(m) "**Recoupment Trigger Date**" means the earlier of (i) the date that the Board (or a committee thereof or the officer(s) of the Company authorized to take such action if Board action is not required) concludes, or reasonably should have concluded, that the Company is required to prepare a Financial Restatement, and (ii) the date on which a court, regulator or other legally authorized body directs the Company to prepare a Financial Restatement.

2. Recoupment of Erroneously Awarded Compensation.

(a) In the event of a Financial Restatement, if the amount of any Covered Compensation received by a Covered Executive (the "**Awarded Compensation**") exceeds the amount of such Covered Compensation that would have otherwise been received by such Covered Executive if calculated based on the Financial Restatement (the "**Adjusted Compensation**"), the Company shall reasonably promptly recover from such Covered Executive an amount equal to the excess of the Awarded Compensation over the Adjusted Compensation, each calculated on a pre-tax basis (such excess amount, the "**Erroneously Awarded Compensation**").

(b) If (i) the Financial Reporting Measure applicable to the relevant Covered Compensation is stock price or total shareholder return (or any measure derived wholly or in part from either of such measures) and (ii) the amount of Erroneously Awarded Compensation is not subject to mathematical recalculation directly from the information in the Financial Restatement, then the amount of Erroneously Awarded Compensation shall be determined (on a pre-tax basis) based on the Company's reasonable estimate of the effect of the Financial Restatement on the Company's stock price or total shareholder return (or the derivative measure thereof) upon which such Covered Compensation was received.

(c) For the avoidance of doubt, the Company's obligation to recover Erroneously Awarded Compensation is not dependent on (i) if or when the restated financial statements are filed or (ii) any fault of any Covered Executive for the accounting errors or other actions leading to a Financial Restatement.

(d) Notwithstanding anything to the contrary in Sections 2(a) through (c) hereof, the Company shall not be required to recover any Erroneously Awarded Compensation if both (x) the conditions set forth in either of the following clauses (i), (ii), or (iii) are satisfied and (y) the Committee (or a majority of the independent directors serving on the Board) has determined that recovery of the Erroneously Awarded Compensation would be impracticable:

(i) the direct expense paid to a third party to assist in enforcing the recovery of the Erroneously Awarded Compensation under this Policy would exceed the amount of such Erroneously Awarded Compensation to be recovered; *provided* that, before concluding that it would be impracticable to recover any amount of Erroneously Awarded Compensation pursuant to this Section 2(d), the Company shall have first made a reasonable attempt to recover such Erroneously Awarded Compensation, document such reasonable attempt(s) to make such recovery and provide that documentation to the NYSE;

(ii) recovery of the Erroneously Awarded Compensation would violate the laws of Canada and the Province of Québec to the extent such law was adopted prior to November 28, 2022 (*provided* that, before concluding that it would be impracticable to recover any amount of Erroneously Awarded Compensation pursuant to this Section 2(d)), the Company shall have first obtained an opinion of home country counsel of Canada and the Province of Québec, that is acceptable to the NYSE, that recovery would result in such a violation, and the Company must provide such opinion to the NYSE; or

(iii) recovery of the Erroneously Awarded Compensation would likely cause an otherwise tax-qualified retirement plan, under which benefits are broadly available to employees of the Company, to fail to meet the requirements of Sections 401(a)(13) or 411(a) of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**").

(e) The Company shall not indemnify any Covered Executive, directly or indirectly, for any losses that such Covered Executive may incur in connection with the recovery of Erroneously Awarded Compensation pursuant to this Policy, including through the payment of insurance premiums or gross-up payments.

(f) The Committee shall determine, in its sole discretion, the manner and timing in which any Erroneously Awarded Compensation shall be recovered from a Covered Executive in accordance with applicable law, including, without limitation, by (i) requiring reimbursement of Covered Compensation previously paid in cash; (ii) seeking recovery of any gain realized on the vesting, exercise, settlement, sale, transfer or other disposition of any equity or equity-based awards; (iii) offsetting the Erroneously Awarded Compensation amount from any compensation otherwise owed by the Company or any of its affiliates to the Covered Executive; (iv) cancelling outstanding vested or unvested equity or equity-based awards; and/or (v) taking any other remedial and recovery action permitted by applicable law. For the avoidance of doubt, except as set forth in Section 2(d), in no event may the Company accept an amount that is less than the amount of Erroneously Awarded Compensation; *provided* that, to the extent necessary to avoid any adverse tax consequences to the Covered Executive pursuant to Section 409A of the Code,

any offsets against amounts under any nonqualified deferred compensation plans (as defined under Section 409A of the Code) shall be made in compliance with Section 409A of the Code.

3. Administration. This Policy shall be administered by the Committee. All decisions of the Committee shall be final, conclusive and binding upon the Company and the Covered Executives, their beneficiaries, executors, administrators and any other legal representative. The Committee shall have full power and authority to (i) administer and interpret this Policy; (ii) correct any defect, supply any omission and reconcile any inconsistency in this Policy; and (iii) make any other determination and take any other action that the Committee deems necessary or desirable for the administration of this Policy and to comply with applicable law (including Section 10D of the Exchange Act) and applicable stock market or exchange rules and regulations. Notwithstanding anything to the contrary contained herein, to the extent permitted by Section 10D of the Exchange Act and Section 303A.14 of the NYSE Listed

---

Company Manual, the Board may, in its sole discretion, at any time and from time to time, administer this Policy in the same manner as the Committee.

4. Amendment/Termination. Subject to Section 10D of the Exchange Act and Section 303A.14 of the NYSE Listed Company Manual, this Policy may be amended or terminated by the Committee at any time. To the extent that any applicable law, or stock market or exchange rules or regulations require recovery of Erroneously Awarded Compensation in circumstances in addition to those specified herein, nothing in this Policy shall be deemed to limit or restrict the right or obligation of the Company to recover Erroneously Awarded Compensation to the fullest extent required by such applicable law, stock market or exchange rules and regulations. Unless otherwise required by applicable law, this Policy shall no longer be effective from and after the date that the Company no longer has a class of securities publicly listed on a United States national securities exchange.

5. Interpretation. Notwithstanding anything to the contrary herein, this Policy is intended to comply with the requirements of Section 10D of the Exchange Act and Section 303A.14 of the NYSE Listed Company Manual (and any applicable regulations, administrative interpretations or stock market or exchange rules and regulations adopted in connection therewith). The provisions of this Policy shall be interpreted in a manner that satisfies such requirements and this Policy shall be operated accordingly. If any provision of this Policy would otherwise frustrate or conflict with this intent, the provision shall be interpreted and deemed amended so as to avoid such conflict.

6. Other Compensation Clawback/Recoupment Rights. Any right of recoupment under this Policy is in addition to, and not in lieu of, any other remedies, rights or requirements with respect to the clawback or recoupment of any compensation that may be available to the Company pursuant to the terms of any other recoupment or clawback policy of the Company (or any of its affiliates) that may be in effect from time to time, any provisions in any employment agreement, offer letter, equity plan, equity award agreement or similar plan or agreement, and any other legal remedies available to the Company, as well as applicable law, stock market or exchange rules, listing standards or regulations; *provided*, *however*, that any amounts recouped or clawed back under any other policy that would be recoupable under this Policy shall count toward any required clawback or recoupment under this Policy and vice versa.

7. Exempt Compensation. Notwithstanding anything to the contrary herein, the Company has no obligation to seek recoupment of amounts paid to a Covered Executive which are granted, vested or earned based solely upon the occurrence or non-occurrence of nonfinancial events. Such exempt compensation includes, without limitation, base salary, time-vesting awards, compensation awarded on the basis of the achievement of metrics that are not Financial Reporting Measures or compensation awarded solely at the discretion of the Committee or the Board, *provided* that such amounts are in no way contingent on, and were not in any way granted on the basis of, the achievement of any Financial Reporting Measure performance goal.

8. Miscellaneous.

(a) Any applicable award agreement or other document setting forth the terms and conditions of any compensation covered by this Policy shall be deemed to include the restrictions imposed herein and incorporate this Policy by reference and, in the event of any inconsistency, the terms of this Policy will govern. For the avoidance of doubt, this Policy applies to all compensation that is received on or after the Effective Date, regardless of the date on which the award agreement or other document setting forth the terms and conditions of the Covered Executive's compensation became effective, including, without limitation, compensation received under the 1996 Management Long-Term Incentive Plan and any successor plan thereto.

(b) This Policy shall be binding and enforceable against all Covered Executives and their beneficiaries, heirs, executors, administrators or other legal representatives.

(c) All issues concerning the construction, validity, enforcement and interpretation of this Policy and all related documents, including, without limitation, any employment agreement, offer letter, equity award agreement or similar agreement, shall be governed by, and construed in accordance with, the laws of Canada and the Province of Québec, without giving effect to any choice of law or conflict of law rules or provisions (whether of Canada and the Province of Québec or any other jurisdiction) that would cause the application of the laws of any jurisdiction other

than Canada and the Province of Québec.

(d) The Covered Executives, their beneficiaries, executors, administrators and any other legal representative and the Company shall initially attempt to resolve all claims, disputes or controversies arising under, out of or in connection with this Policy by conducting good faith

negotiations amongst themselves. Any and all disputes, claims or causes of action arising from or relating to the enforcement, performance or interpretation of this Policy shall be brought in any state or federal court of competent jurisdiction in the State of Illinois, City of Chicago or in any federal or provincial courts of the Province of Quebec. The Covered Executives, their beneficiaries, executors, administrators and any other legal representative and the Company, shall not commence any suit, action or other proceeding arising out of or based upon this Agreement except in such courts, and hereby waive, and agree not to assert, by way of motion, as a defense or otherwise, in any such suit, action or proceeding, any claim that such party is not subject to the jurisdiction of the above-named courts, that its property is exempt or immune from attachment or execution, that the suit, action or proceeding is brought in an inconvenient forum, that the venue of the suit, action or proceeding is improper or that this Policy or the subject matter hereof may not be enforced in or by such courts. To the fullest extent permitted by law, the Covered Executives, their beneficiaries, executors, administrators, and any other legal representative, and the Company, shall waive (and shall hereby be deemed to have waived) the right to resolve any such dispute through a trial by jury.

(e) If any provision of this Policy is determined to be unenforceable or invalid under any applicable law, such provision will be applied to the maximum extent permitted by applicable law and shall automatically be deemed amended in a manner consistent with its objectives to the extent necessary to conform to any limitations required under applicable law.
